

THE NANOVISION STUDIO

The Nanovision studio is situated in Herning, Denmark. The Nanovision Studio is owned and run by Tony Andersen, who is also a musician and a composer. The studio has existed for 6 years, and has produced numerous bands, commercials, various music, and events.

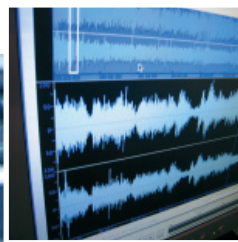

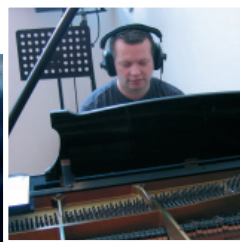

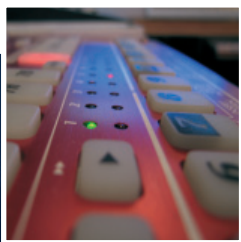

With a wide range of state-of-the-art equipment, the studio is able to manage productions with day to day delivery. You are always welcome to contact the studio for a production.

Here, you can listen to projects which Tony Andersen is currently involved in:
